

H-type Single Piont Press

Main Structure Features:

Steel plate welded framework structure machine body with four masts to ensure the high strength of the machine body
 Imported dry-type friction clutch, and wet-type clutch optional
 Hydraulic overload protection device, imported pneumatic pump, imported sealing ring
 Steel plate welded slide block
 Four-corner eight-side precision long guideway
 Electrical die adjustment, digital display
 Raising-up balance cylinder, imported sealing ring
 Duplex electromagnetic valves imported from Japan
 Three interlinked pieces for air source imported from abroad
 PLC of international brand name
 Imported Buttons, indicators, AC contactors, air switches and other control devices imported from abroad
 Thin oil Automatical lubrication system
